

Vinicius Guerato

Senior PHP Developer 24y Santa Barbara D'Oeste - SP, Brazil

Developer from 2015y, i started my experience in development area when i have 16y old, creating and modifying virtual games servers. Currently, i work with a big respect, architecting and developing robust and sophisticated services and applications, researching to reduce processes, giving maximum performance.

Habilities

Extensive knowledge in architecture and development of APIs, API Gateways, Micros and high performance service data processing services.

Technologies:

PHP	Advanced	7y	LARAVEL	Advanced	2y	PYTHON	Basic	1y	JAVA	Intermediate	2y
ANDROID	Basic	1y	JAVASCRIPT	Advanced	5y	VUE JS	Advanced	1y			
QUASAR	Advanced	1y	FLUTTER	Intermediate	1y	BASH	Intemediário	1y			
REDIS	Advanced	2y	MYSQL	Advanced	6y	MARIADB	Advanced	3y			
POSTGRES	Intermediate	1y									

Tools:

LINUX	Advanced	5y	GIT	Advanced	3y	DOCKER	Advanced	1y
RABBITMQ	Intermediate	1y	GOOGLE CLOUD	Intermediate	2y			
CANONICAL MAAS	Intermediate	1y						

Logical:

TEST UNIT	CLEAN CODE	SOLID	PSR	DESIGN PATTERNS	SOFTWARE ARCHITETURE
MICROSERVICES					

Degree

Information Technology

SENAI Alvares Romi

01/2014 ↔ 01/2016

Technologist in Systems Analysis and Development

UNIDERP - Anhanguera

06/2018 ↔ Interrupted

Experiences

Web Developer - Hybriun Systems

Websites prototyping and development.

01/2016 ↔ 01/2017

Systems Analyst - Byteweb Telecom

Mobile and web applications development. Data extraction and processing. Third-party active support for internals.

04/2017 ↔ 11/2017

Web Designer - Humann Inteligência Digital

Websites and visual-aids development.

11/2017 ↔ 11/2018

Web Developer - Tamtex Tecnologias de Proteção

Development and maintenance of ERP modules. Processing financial data.

03/2020 ↔ 11/2020

Web Developer - VALG Digital

Architecture and development of APIs, API Gateways and highly complex data processing services. Data processing. Reviewing, refactoring and maintaining legacy or obsolete code against best practices.

11/2020 ↔ Current
